OVERVIEW

The WDW Program is a sacred rhythm of rest and delight. The program is fluid and affords you an opportunity to receive information regarding scripture and mission, self-knowledge and the art of aging.

During this time we will come to appreciate the seasons of our life and how nature teaches us the art of letting go so that something even more wonderful can come to life.

We will end with a mini retreat which will integrate the previous weeks. It will also help us to appreciate the fact that the Paschal Mystery is lived out in our lives each day.

As Yeats says:

"Somewhere between the two eternities
- before I was BORN - and after I
DIE - there are a thousand dyings
and risings."

Come...

Come as you are...

all will be well.
